EDUCATION

- Nirma University** Ahmedabad, Gujarat, India
B.Tech in Computer Science Engineering — CGPA: 8.33/10.0 Expected 2027
- Oxford School of Science** Amreli, Gujarat, India
12th Board: 99.28 PR (266/300), GUJCET: 99.16 PR (106.75/120) Mar 2023
- Shree Saraswati Madhyamik Vidyamandir** Amreli, Gujarat, India
10th Board: 99.12 PR (561/600) May 2021

CODING PROFILE

- LeetCode:** harry0018 - Knight Badge, Rating: 1863, Top 5% Users
- CodeChef:** harry0018 - 3 Star, Global Rank: 15k+
- Codeforces:** harry0018 - Pupil, Rating: 1369

TECHNICAL SKILLS

- Programming Languages:** C++, C, Java, Python
- Web & Backend Development:** Node.js, Express.js, REST APIs, HTML5, CSS, JavaScript
- Databases:** MongoDB, MySQL
- Operating Systems:** Linux, Windows
- Core Concepts:** Data Structures & Algorithms, OOP, DBMS, OS, Computer Networks, Cloud Computing

PROJECTS

- AI-Powered Restaurant Intelligence Platform** *MERN stack, LLAMA 3, Twilio*
Developed a full-stack restaurant platform with AI-based ordering (chat, voice, phone), revenue analytics (BCG classification, pricing), smart combo generation, and real-time upsell recommendations using custom association mining.
- Banking Portal** *React, Node.js, Express, MongoDB*
Engineered a secure full-stack banking platform featuring JWT-based authentication, multi-currency account handling, and real-time fund transfers powered by a double-entry ledger. Implemented Gmail OAuth2 to automate transactional email notifications.
- Smart Delivery Route Optimizer** *Data Structures & Algorithms, Python, Flask, React*
Designed and implemented an Route optimization system using K-Means clustering and Nearest Neighbor + 2-Opt TSP heuristics to minimize total travel distance, featuring interactive maps, Excel uploads, capacity-aware truck allocation, and per-vehicle analytics via a Flask API.

ACHIEVEMENTS

- IICPC Summer Internship:**
- Smart India Hackathon:**
- DAIICT Hackathon:**

ROLE

- Computer Society of India (CSI) Core Committee Member** Aug 2024 - Aug 2025
 - Organized coding contests and hackathons, attracting 100+ participants.
 - Co-organized **HACKNUTHON-6.0** at Nirma University along with seniors and peers.
 - Created problem statements and tested solutions for coding challenges.
